

PRO-ACTIVE ADVENTURE

Health & Safety Procedure: Trangia

Minimum Instructor Competence:

Competent Adult

Date Reviewed: 18/11/10

Completed by: Clive Richley

Competence: M.L. Summer

Is the activity acceptably safe if managed as below: Yes

Signature: *C. Richley*

Main Risks (numbered) People at risk: Participating staff and clients

- 1) Burns
- 2) Flashback from refilling burner when still alight
- 3) Spillage of Meths
- 4) Trangia being knocked over when alight
- 5) Fire damage to surrounding camp equipment
- 6) Illicit use of Meths

How to manage/control/reduce these risks safely:

Staff hold relevant first aid certificate

- 1) Close, careful supervision
- 2) Second COLD burner to replace used HOT burner
- 3) Staff to hold meths bottles at all times to fill burners
- 4) Close, careful supervision, induction processes to clients on how to use trangias safely and camp craft safety & awareness.
- 5) Trangia's only to be used in open spaces.
- 6) Staff to hold meths bottles at all times

Activity Instructors must ensure that full emergency escape details and a full route plan is completed before the activity is undertaken and put in the Adventurous Activity File in the unit office

Summoning Help: A call out person is appointed before the activity takes place. This person is contacted on completion of the activity. If not contacted they will take appropriate action.
