Mountain-Bike Instructors Award Scheme  
Level 1.

Date Reviewed: 1/03/18  
Next Review Date 1/03/19  
Completed by: Clive Richley  
Competence: M.I.A.S. level 6  
Is the activity acceptably safe if managed as  
below? YES  
Signature: .....

#### **Main Risks (numbered) People at risk: Participating staff and clients, members of the public**

- 1) Head injuries
- 2) Elbow/ knee and hand injuries from falling off
- 3) Collision with objects, vehicles and members of the public
- 4) Injuries caused by mechanical breakage of safety features
- 5) Sunburn
- 6) Exhaustion
- 7) Heat stroke

#### **How to manage/reduce/minimise these risks safely (corresponding numbers)**

Staff operate within the Highway Code when on public roads and hold a First Aid certificate

- 1) Wear an individually fitted safety helmet
- 2) Wear long sleeved/leg covering clothing
- 3) Activity leader will define safety boundaries and maintain safe speeds and practice. If clients refuse to follow instructions, then the activity must be terminated.
- 4) BMX bikes are only to be hired from reputable suppliers who certify that the bikes have been maintained in line with manufacturer's specification
- 5) Sun block and suntan lotion will be provided
- 6) Routes will be chosen within the participant's capabilities
- 7) Carry plenty of fluids and wear close fitting clothing

Activity Instructors must ensure that full emergency escape details and a full route plan is completed before the activity is undertaken and put in the Adventurous Activity File in the unit office.

Summoning Help: A call out person is appointed before the activity takes place. This person is contacted on completion of the activity. If not contacted they will take appropriate action.
